EXPRESS PROGRAM

REAL AMISH. REAL FAST.

Because idle hands are the devil's workshop, we build some of our most popular pieces in advance.

You can't rush perfection. But at Simply Amish, we've discovered that you *can* nudge it along. Providing the same exceptional quality that you'll find in our regular line — in a much shorter time. The custom look without the custom wait. We have two programs to help you get select pieces of furniture faster than a normal order.

With Express, the items will be in stock in our most popular wood and stain for that item. With QuickShip, we take it one step further - the product will be available in a specific wood, and you get to choose from a variety of finishes to ensure that what you get will best complement your style. That's the only difference. Every amazing piece is still cut from the same beautiful hardwoods, hand-crafted and signed by the skilled artist who built it, and backed by our lifetime guarantee. The only thing you're losing is the wait.

Express

The items in our Express program are available in the wood and finish specified within this section. All these pieces are in our warehouse and available for immediate delivery. Items in our Express program will ship the fastest.

QuickShip

For our QuickShip program, we keep much of our Express furniture on hand – unfinished. This allows you to select the finish you want without having to wait for your furniture to be built from scratch. Choose any finish specific to the wood species shown.

Look for these icons in this section's product descriptions.

ALL FURNITURE IS NOT CREATED EQUAL

At Simply Amish, we pride ourselves on the use of premium-quality hardware, construction techniques, and joinery in the production of all our furniture.

BLUM SMART SLIDES – STANDARD

Full Extension, Soft-Closing Drawers

Exceptional drawers require exceptional hardware. That's why our drawers feature heavy-duty slides that allow the drawer to fully extend. The slides are fully enclosed and mounted from below, creating an unobstructed view of our solid dovetail construction. SmartSlides also feature an advanced mechanism that prevents slamming by soft-closing each drawer when it reaches a few inches from the cabinet.

SOFT-CLOSE HINGES – STANDARD

Soft-Closing Doors, Too!

Like our SmartSlides, our titanium finish, soft-close hinges provide a smooth, silent close...no matter how hard the door is closed. Our concealed, soft-close hinges now come standard on all cabinet doors.

HIGH-QUALITY DRAWER BOXES – STANDARD

Quality is Foremost.

All of our drawer boxes are constructed from $\frac{5}{8}$ " hardwood and dovetailed front and back to ensure the structural integrity of every drawer for a lifetime. Each drawer box is fully sanded and varnished to preserve its natural beauty.

DOWEL CONSTRUCTION – STANDARD

To ensure structural integrity for the life of your product, screws are used as secondary support only.

DADO JOINERY – STANDARD

For a stronger, long-lasting structure.
